

Getting Started with the Libby App (from the creators of OverDrive)

The free Libby app is the easiest way to get started with digital books and audiobooks from your public library. Libby is available for Android, iOS, Windows 10, and some Chromebooks.

Step 1

Install the Libby app from your device's app store:

Apple App Store – iPhone, iPad

Google Play – Google and Android phones and tablets

Windows Store – Windows phones and tablets (Surface)

Step 2

In Libby, follow the prompts to find your library and sign in with a valid library card.

Step 3

Browse your library's collection and borrow a title. You can access your library's collection by tapping **Library** at the bottom of the screen.

Step 4

Borrowed titles appear on your **Shelf** and download to the app automatically when you're connected to Wi-Fi, so you can read them when you're offline.

From your **Shelf**, you can:

Tap **Open Book**, or **Open Audiobook** to start reading or listening to a title.

Tap **Manage Loan** to see options like **Renew** or **Return**.
