

Getting Started with the OverDrive App

Step 1

Install the OverDrive app from your device's app store:

Apple App Store – iPhone, iPad

Google Play – Google and Android phones and tablets

Windows Store – Windows phones and tablets (Surface)

Step 2

Open the OverDrive app and follow the prompts to sign in (or sign up) using your library card. You will need your North Bay **library card barcode and PIN number** to sign in to the app.

Step 3

In the OverDrive app, find your library's digital collection. Once you've found it, click or tap the collection name to start browsing. This will also automatically save the collection to your library list in the app.

Step 4

Borrow a title (you'll need to sign into your library to complete this step, if you have not already done so).

Tap the **BORROW** button to borrow a title.

Step 5

After you borrow a title, select 'Download' to download EPUB ebooks and MP3 audiobooks to the app Bookshelf.

To see all of your borrowed titles, tap books icon to go to your library **Loans** page.

To open the titles you downloaded or added to the app, go to your app **Bookshelf**.
